

MARCELA ROCHA

FRONTEND DEVELOPER

+49 176 45883901

marcelarochamartins@gmail.com

live in Berlin, Germany - From Brazil

authorized to work in germany (Family Reunion Visa)

Portuguese (Native), English (C2), German (A1 - studying)

I recently shifted my career to web development after a decade in marketing and content writing. I completed Ironhack's full-stack web development bootcamp, where I learned to work with technologies such as MongoDB, Express.js, React, and Node.js (MERN). I primarily work with React using TypeScript, and am specializing in server-side rendering with Next.js, while also experimenting with CSS frameworks like Tailwind. Because of my background in communication, I place great value on creating user-focused and highly functional web applications.
